WORK EXPERIENCE

Varcsoft, Mumbai

Sept 2025 – Present

Full Stack Developer Intern

- Integrated **Amazon Gift Card On Demand (AGCOD)** APIs in Sandbox mode using **ExpressJS** to programmatically generate and manage Amazon redeem codes for user rewards.
- Developed a **web scraper** using **NodeJS** and **Puppeteer** to collect product data across major e-commerce platforms like **Amazon, Flipkart**, and **Myntra** for product recommendation features.
- Collaborated with **UI/UX designers** to implement responsive and user-centric interfaces, translating Figma designs into functional components using **NextJS**.

Mediatryx, Mumbai

March 2025

Freelance Developer

- Engineered and deployed a portfolio website enhancing client acquisition.
- Integrated contact form with automated mailing using **Node-mailer** for business development.
- Ensured 99.9% uptime using **Render** and **Hostinger**.

PROJECTS

Interwin : Last Minute Interview Preparation Application

[\[Link\]](#)

- Analyzed DSA patterns and famous topics and provided detailed information about each problem.
- Designed and implemented **Authentication, Schema Modeling** and **API Endpoint Development**.
- Managed application state using React Context API and developed responsive, user-friendly interfaces with Tailwind CSS.

AI Assistant : Gemini-Powered Assistant App

[\[Link\]](#)

- Integrated Gemini AI in a MERN stack project to support intelligent utilities such as **chatbot, code review, code generation, image generation** and **text summarization**.
- Improved AI response relevance using advanced **prompting** and model testing.

StepUp : Online Shoes Store (E-commerce platform)

[\[Link\]](#)

- Built a full-stack e-commerce platform for selling shoes, handling all backend and database operations.
- Designed and implemented RESTful APIs for product listings & cart management to ensure robust backend functionality.
- Collaborated with UI/UX designers to align backend processes with a seamless user experience.

TECHNICAL SKILLS

Programming Languages: C++, JavaScript.

Web Development: HTML5, CSS3, Tailwind CSS, ReactJS, NodeJS, ExpressJS

Databases & APIs: MongoDB, RESTful APIs, Firebase, Cloudinary, MySQL

Tools & Platforms: Git, GitHub, Postman, Vite, Vercel, Render, Hostinger, JIRA, VS Code

CSE/IT Concepts : Data Structures and Algorithms, Object Oriented Programming, Database Management Systems, Operating Systems, Computer Networks.

EDUCATION

K. J. Somaiya Institute of Technology, Affiliated to University of Mumbai

May 2022 - May 2026

Bachelor of Technology in Computer Engineering

CGPA - 9.7

B.S.G.D Junior College, Mumbai

May 2020 - May 2022

12th Class

Percentage – 83%

ACHIEVEMENTS / HOBBIES

- Solved over **600+** data structure and algorithm problems on [LeetCode](#), demonstrating proficiency in programming and debugging.
- Secured 1st Runner-up position in a college level coding hackathon among 5 teams.
- Enjoy **cricket and online games**, highlighting teamwork, strategic thinking, and commitment to a healthy lifestyle.

TRAINING / COURSES

- Data Structures & Algorithms Course - Codehelp
- Web Development Bootcamp (MERN Stack) – Codehelp
